THE GOOD SISTER

By **SALLY HEPWORTH**

Characters:

- Were you immediately engaged with the book, or did it take you a while?
- What was your initial impression of Fern and Rose's relationship? For those of you with sisters, was their "love/hate" relationship accurate to some degree?
- Did you start to have suspicions about Rose? If so, at what point?
- Let's talk about Rocco [aka Wally]. What did you think about their relationship and romance?
- Who was your favorite character and why? Least favorite and why?
- Fern is on the autism spectrum and deals with sensory issues. In what ways did Rose use Fern's condition to manipulate and control her?
- The sisters share a dark past. We learn later in the book that Rose had a big hand in Billy's death. Were you surprised by this?
- If you could hear the same story from another character's point of view, who would you choose? Why?
- Are there any characters you would like to deliver a lecture or advice to? If so, who? And what would you say?
- Were there any plot twists that you loved or hated? How original and unique was this book? What did you think of the ending? Did you guess the ending and at what point?
